RETAIL FOOD ESTABLISHMENT PERMITTING AND SANITATION INSPECTIONS

The following food sanitation inspections were conducted by Washington County Health Center. The rating score of the establishment is determined by subtracting weighted point totals of noted violations from 100 (one hundred). Unannounced inspections observe the overall operation including food source and protection, personnel, food equipment and utensils, maintenance of water and sewage systems, garbage and refuse disposal, insect, rodent and animal control, and storage of toxic items among others.

Critical violations 4 (four) or 5 (five) points in weight are items which uncorrected carry the potential as an imminent threat to the public's health. These items must be corrected in a time designated by the Health Center not to exceed 10 (ten) days.
